

## TAMAR LEAGUE 2009 TO 2010

This is the 12th and last report from the league compiler for this season.

The table below has been compiled from 16 events from September 2009 up to the last event at Idless in July 2010.

Event Planners, Controllers and Organisers (the latter if they have not run) are credited with their average score for their official duties. Only Brown, Blue, Green and Yellow have eligible scorers.

The number of events entered is also shown along with the average score for all events. To appear in the final tables competitors from one club *must complete at least three events from their neighbouring club*. While the whole number of events from the two clubs is 16 it will be the best 9 scores that count in the final table. The corrected figure might be the same as their maximum as they might have had a mispunch or a retirement where the points awarded was zero.
