

TAMAR LEAGUE 2011 TO 2012

This is the last and final report from the league compiler for this season. The season started with low turnouts but that trend seems to be changing and more attendees are turning up! Although the last event at Bullers Hill was a bit quiet.

Congratulations to the winners!

To appear in the final tables competitors from one club must complete at least three events from their neighbouring club and twenty runners managed that. So fifteen events for the year – only one person has run at all 15 events – well done!

Three courses have no eligible runners – Orange, Yellow and the Short Green courses were always going to be a problem.

For the next winter series KERNO intend to run a Short Green course as part of the package of courses. See you all then.
